

This helpful guide will assist you in accessing course content and webinars via the Short Courses website.

1. Go to the website: shortcourses.ridbc.org.au
2. On the Homepage, you will be the webpage on your screen below:

Face-to-Face

Come and see us face to face at RIDBC

Webinars

Webinars available for your viewing

In your workplace

We come to you and conduct it in your school or work place

Remote Learning

Join us from a remote location and be part of our courses

Resources

Websites, articles, webinars, and more

Book Store

Your one stop shop for books available

Professional Experience for Students

Click here for access to the Practicum Assessment Tool

RIDBC Staff Portal

Click here for training, policies, and procedures

This homepage is where you will find all of our available courses, webinars, helpful resources, a book store, and other information offered within the Short Courses website. The buttons under the image within the website will take you to their respective items available. You can also access these buttons and more information using the Menu at the top of the page.

- To view courses and webinars that you have purchased, select the “Login” option in the Menu (as shown below, circled in red):

- You will be taken to the login screen, as shown below. Enter the email address and password you used to register for said course or webinar, and click the “Login” button:

Username or Email Address

My Password:

Remember Me

[Register](#) | [Lost your password?](#)

[← Back to CPE Short Courses](#)

- The top menu has now changed to include the “Dashboard” option, as shown circled in red. Click on the “Dashboard” option.

6. This is your Dashboard. This page will contain all information relevant to your registered courses and webinars. All course content will be found here, including pre course related material, and webinars which have been purchased.
To view this course content, select the specific course, and click on the link under “Course Pages”, as shown below:

Dashboard

Below are the details of all of the courses you have enrolled in. If additional material is available for the course then please click on the corresponding link to download the material.

You may also change your registration details, including your password in your [My Account](#).

7. As shown below, you can see the content displayed, in the instance of a webinar. All content relevant to registered courses will be shown within this window.

Children with mild/moderate hearing losses – any problems?

by Jacqui Cashmore | Jul 13, 2017 |

The screenshot shows a video player with a slide on the right. The slide title is "Is mild/moderate deafness important... Or not?". The slide content includes a list of bullet points and a logo for "The Ear Foundation". The video player interface shows a play button, a progress bar at 44:38, and a subtitle "are able to hear all the sounds of speech.".

Is mild/moderate deafness important... Or not?

- For children, acquiring language...
- It is important to hear as effectively as possible all the range of speech sounds...
- To be able to discriminate the complex phenomenon of speech and its part in the grammar and meaning of spoken language
- Today's hearing technologies, appropriately fitted and worn, enable the majority of children with a hearing loss to hearing all the sounds of speech
- 95% of children with a hearing loss are born into homes where the language is a spoken one

The Ear Foundation

44:38

are able to hear all the sounds of speech.
