

# 2021 CPE CALENDAR UPDATE

The 2021 CPE Calendar is almost finished and you are invited to take a look!

[The Face to Face page](#) provides all the in-person events we are hoping to offer you this year, pending any COVID impacts. Should an event need to be reviewed, we will contact you and offer a new date, an online option or a full refund.

[The Webinars page](#) offers all the online, own-time events we will be offering this year! We are excited about the range of national and international presenters who are part of the 2021 CPE program! You can also find any of the 2020 online events you may have missed that are still available to view!

[The Digital Access Archive page](#) offers access to events we have hosted over the last 2 years that are so useful, we are providing more time to view them!

Some of our events have gained NESAs accreditation for 2021 and we hope to add to this through the year. We also have applications pending for AG Bell Academy and Audiology Australia.
